LAST MINUTE/SECOND BIDDING: Depending on numerous factors including the device you are using to bid, internet connectivity, location, network latency, etc. last minute/second bidding may in rare events result in an auction timer display error showing the auction has ended. Users, whether bidding or watching, should use their internet browser's refresh button during the last minute/seconds of an auction to ensure timer accuracy and reduce the chance of display errors. If users wait until last minutes/seconds to place a bid or are watching an item and for any reason are unsuccessful when the auction item ends - the final results of the auction will stand as our system indicates. Our auctions generally have a 2-week duration or more, giving sufficient time for users to place bids. Users are encouraged to use the 'Max Bid' feature which allows the system to bid on your behalf to counter any last minute/second bidding.

BUYER'S FEES: An Auction **Buyer's Fee will be added** to all high bids to determine the final selling price. Buyers' fee percentage is determined by actual amount of the final accepted high bid on each item. Please see below table for applicable buyers' fee rates/amounts.

• **Practice Bidding on This Item**

- **Please read**, understand & ask questions about the auction terms & conditions prior to placing a bid.
- **What is AutoExtend?** EXAMPLE: If you are bidding on an item scheduled to end at 10am and you place a bid at 9:59am - the auction will Autoextend to 10:09am - if another bid is placed at 10:04am the auction will again be Autoextended to 10:14am. This will continue until no bids are placed during the 10 minute Autoextend period.
- **Auction Ending Times:** Auctions with multiple items use a Staggered ending time. Each item has its own ending time. If the auction is scheduled to end at 10:00am the first item is scheduled to end at 10am and each item after the first will end in a set staggered interval. An example is a 5 minute stagger, each item will end 5 minutes after the item before it. But, don't forget if an item is bid on in the last 10 minutes the AutoExtend will begin for that item. The following items will stay on the original scheduled staggered ending time (unless they too are Autoextended).
- **Outbid emails** are only sent prior to the auction closing - once 10am hits on the auction close date - outbid emails are not sent.
- **Bidding Errors** - Bidders are responsible for their actions, if you make an entry error you must call our office (608-437-2001) and the error will be examined to determine if it was an error and corrected by Wisconsin Surplus. Errors will not likely be corrected within the last 12 hours of the auction. If you are unsure how to bid or are new we strongly suggest you do not wait until the very end of the auction to bid.
- **Multiple Item Purchases** - If you are the high bidder on multiple items you are responsible for paying for all items -- Bidders are NOT allowed to win multiple items and then decide which item they want or if you didn't win an item but won several others you are required to pay for the items you did win. Behavior of this nature is not tolerated, if you win 3 items you pay for 3 items.
