Hello,

We hope this letter finds you well. At Emplify Health by Bellin, we are committed to providing you with the highest quality occupational health services to support the well-being and safety of your workforce.

To continue delivering exceptional care and to keep pace with rising operational costs, we find it necessary to adjust our service pricing. Effective May 1, 2026, you will see a slight increase in cost for occupational health services. I have attached an updated contract for you to review. We would appreciate it if you could sign and return it (in its entirety).

We also would like to take time to ensure we have the most up to date information. Please remit the information below.
