

Town of Cross Plains

Map 14: Potential Homesites Available

Under Dane Co. Farmland Preservation Plan

DRAFT

Methodology:

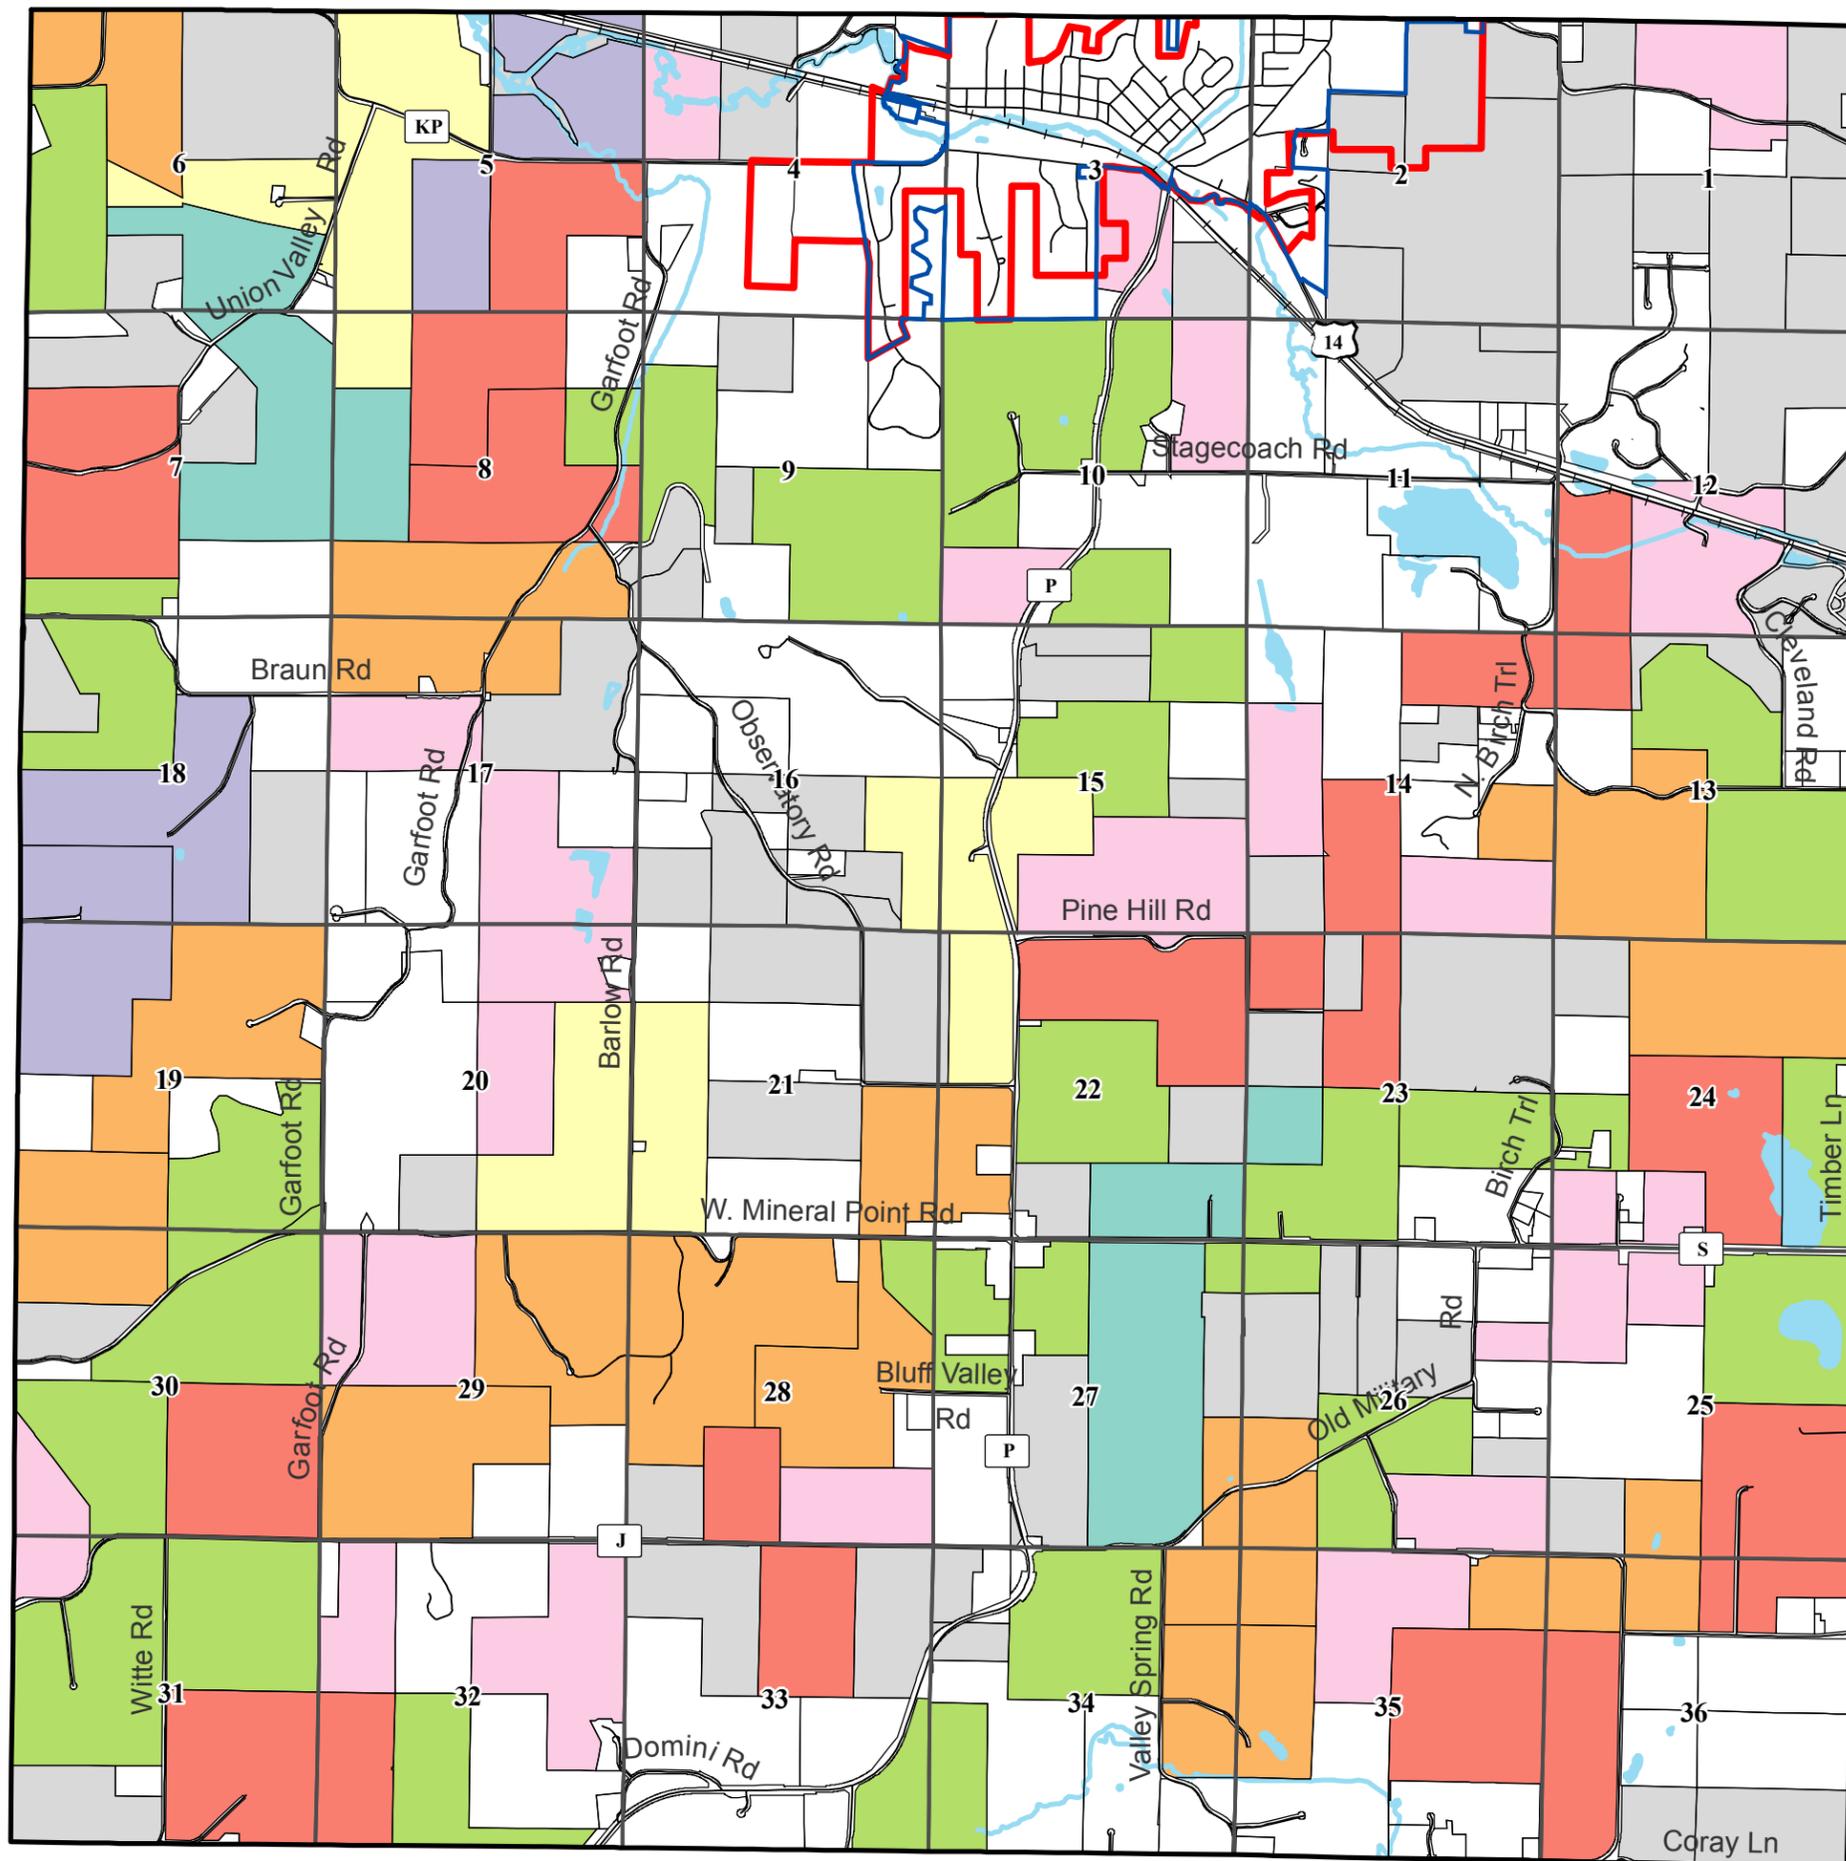

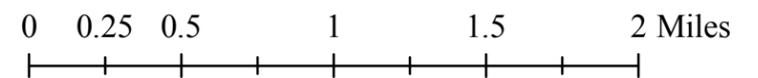

All potential homesites are GIS Acreage divided by 35 (based on GIS Acreage of the farmstead) and any rezones and CSM's are counted against the "original splits". The displayed color is the rough amount of splits remaining.

The Acreage comes from a GIS recreation of the 1981 plat map page for the Town of Cross Plains. Each original farm is an aggregation of current parcels to represent the same area and the GIS system was then used to compute the acreage.

The information on this map does not represent an entitlement to land division, it is a rough and incomplete working document and landowners must still go through all standard Town of Cross Plains and Dane County processes in order to use any "splits".

Map information is believed to be accurate but is not guaranteed to be without error. Source data used to compile this map is dynamic and in a constant state of maintenance, correction and update. This map does not represent a field survey and is not intended to be used as one. For general cartographic and reference purposes only.

April, 2007

Source Info:
 Cross Plains Village Boundary: 01/07, (DCPD)
 Original Farmsteads: 2003, (DCPD)
 Railroad: 2000, (DCRPC)
 Service Areas: 04/07, (DCPD)
 Potential Homesites: 11/06, (DCPD)

This map was prepared through the Dane County Department of Planning and Development in conjunction with the Dane County Land & Water Resources Department, Dane County Land Information Office and the Dane County Community Analysis & Planning Division.
